Augmented Reality Workshop

08:00 – 09.45 am : Workshop 1

Name : Che Nur Shafareen Afera Bt Che Anuar Age : 26 years old Current Status : Study Master of Sciences (Multimedia Computing @ UPM) Background Study : Computer Science (Multimedia) @ UPM	Name: Muhammad Adli Bin Md Isa Age: 24 years old Current Status: Augmented Reality Developer @ Media Karangkraf Background Study: Computer Science (Multimedia) @ UPM

Tutors will lend a pen drive to each of the participant and participant need to copy folder named (AR Worksop). The Folder contains:
- Unity Installer Version 2017.4
- Marker Image (.jpg or .png)
- 3D Model (.3ds or .fbx)
2) The participants need to install Unity on their laptop.
3) Sign Up Vuforia account at https://developer.vuforia.com/
4) Proceed with the development AR activities and learn on how to upload the Image Target in Vuforia website and how to get the License number each of the Image Target (marker).
5) The participant will learn on how to import the 3D model into Unity and display that model through AR and how to animate the model (simple animation) and insert audio background.
